PROFESSIONAL EXPERIENCE

BAPS Hindu Temple

Robbinsville, NJ

Volunteer Project Manager

April 2022 – September 2023

- Led a team of 4 stone placers and 2 cranes to help construct 50 domes around the largest Hindu temple in North America
- Learned the art of Indian stone placing from skilled artisans and utilized this skill to place over 750 hand-carved stones
- Created daily and weekly goals and coordinated with the concrete, waterproofing, stone preparation, and stone placing teams to ensure all processes ran smoothly

BlackBerry

Toronto, ON

Product & Strategy Intern

May 2021 – December 2021

- Executed comprehensive market research in several technology industries such as Secure Communications, Endpoint Management, Cybersecurity and Automotive Software, to identify new and emerging markets for investment
- Conducted regular analysis of 10 competitors in the Endpoint Management market, advising strategic changes based on findings from company announcements, quarterly/annual earnings calls and conference presentations
- Facilitated the R&D, Product, Operations and Sales teams to coordinate software releases to 15 customers and partners
- Led a student beta testing community of 20 interns to test a product, resulting in 5 new issues being identified

Hi Marley Inc.

Boston, MA

Business Analyst

May 2020 – April 2021

- Completed an internship at a Boston-based InsurTech startup helping to create an intelligent conversation platform
- Worked closely with the executive management team on product, finance, and corporate development initiatives aimed at expanding Hi Marley's partnerships and customer base
- Conducted market analysis of the messaging market, analyzed Hi Marley's current product suite, and created a comprehensive report to advise management on product updates to help reduce costs and improve user experience
- Created a dashboard to help track daily and weekly active users for the top 35 customers; worked with the customer success team to leverage this data to increase daily active users to over 55%

EXTRACURRICULAR EXPERIENCE

York University Student Investment Fund (YUSIF)

Toronto, ON

Junior Equity Analyst, Real Estate Group

November 2019 – August 2022

- Selected as the youngest Junior Equity Analyst to help manage a \$260,000 CAD long-only evergreen fund
- Formulated investment theses for equities within the Industrial Real Estate sector by preparing stock pitches and research reports to present to a panel of 35 investment professionals from leading Canadian asset management firms

York Finance Club (YFC)

Toronto, ON

Executive, Member Development

January 2020 – January 2021

- Produced and presented content for financial modelling workshops, including comprehensive training guides on key valuation methodologies, such as the discounted cash flow, precedent transactions, and comparable companies analyses
